(PAGE STREET D UNIT)

Electronically Recorded  
Chesapeake Operating, Inc.

STATE OF TEXAS

§§

KNOW ALL MEN BY THESE PRESENTS:

COUNTY OF TARRANT

§§

1. **Designation of Unit.** The undersigned (whether one or more, the "Owner") is the owner of the valid and subsisting Oil, Gas and Mineral leases as described on the attached Exhibit "A" (together with all amendments and corrections thereto, the "Leases") insofar as the Leases cover and affect the land and depths described on Exhibit "A". Pursuant to the Leases and the judgment of Owner that it is necessary and advisable to pool the Leases and the lands and depths described on Exhibit "A", and with the consent of the Lessors of the Leases where required, the Owner hereby pools, consolidates, combines and unitizes the Leases and the lands and depths described on Exhibit "A" and associated leasehold rights, overriding royalty, royalty interests and any other interest to the extent Owner has the authority to pool, for the purpose of drilling for, development, and production of gas and liquid hydrocarbons (including condensate, distillate and other liquids) from the Unit (as defined below). If at any time any tract of land or interest within the Unit is not properly pooled or unitized or is not otherwise committed to the Unit, such fact shall not affect, terminate, impair or invalidate the Unit as to any interest properly pooled or unitized.

2. **Description of the Unit.** The Unit ("Unit") includes the Leases, or portions thereof, and the interval(s), if any, as described on Exhibit "A", and is comprised only of the lands and depths described on the attached Exhibit "B". If no depth limitations are set forth in Exhibit "A", the Unit shall cover all depths. The Owner intends to designate and pool all leases owned by Owner covering the lands and depths described on Exhibit "B" regardless of whether the Leases are listed on Exhibit "A" or are improperly described on Exhibit "A".

3. **Production from the Unit.** This Designation of Unit covers all operations on and production from the land and depths described on the attached Exhibits "A" and "B", which is produced from any well drilled to the unitized interval underlying the Unit area to the effect that operations on and production from any tract within the Unit shall be considered operations on and production from all tracts within the Unit. Production from the Unit shall be allocated proportionately among all of the tracts within the Unit in the proportion that the number of surface acres in each of such tracts bears to the total number of surface acres in the Unit.

4. **Amendment.** The Owner reserves the right to amend this Designation of Unit from time to time, and at any time, to correct any error or to include in this Unit any newly acquired interests within the Unit boundaries or to enlarge or reduce the Unit area in accordance with the applicable rules and regulations of any governmental regulatory body or agency having jurisdiction insofar as such right is granted in the Leases, by appropriate amendments or instruments. In addition to the foregoing, the undersigned hereby specifically grant to XTO

Energy Inc. the right, from time to time, to amend the Unit Designation to include in the Unit any new leases acquired by XTO Energy Inc. after the effective date of the Unit covering any unleased interests located within the Unit boundaries without having to obtain the signatures of the other undersigned parties.

5. **Counterpart Signatures.** This instrument may be executed as one document signed by all parties, or parties named herein may join herein by execution of a counterpart or ratification, with the same effect as if all parties executed this instrument. Executed signature pages from different originals may be combined to form a single original instrument for recording purposes. The failure of any one or more persons owning an interest in the Unit to execute this instrument or a counterpart or ratification thereof shall not in any manner affect the validity of same as to the parties who do execute this instrument. This unit may not be ratified or joined in by any party who is not named below without the consent of the parties hereto.

6. **Effective Date.** The Unit shall be effective as of the date it is filed for record in the official public records of the county and state set forth above, and shall remain in force as long as the pooled minerals are being produced from the Unit, or so long as the Leases included in the Unit are maintained in force by payment or tender of shut-in royalties or by any other means, in accordance with the terms of the Leases.

This Designation of Unit shall be binding on the Owner and all other owners of the interests pooled hereby and their respective representatives, successors and assigns.

IN WITNESS WHEREOF, this Designation of Unit is executed on this \_\_\_\_\_ day of October, 2010.
